Important Notes:

- Set up your card activation with at least two days in advance. For instance, if you are travelling on June 3, 2015, you have until June 1, 2015 to activate your card using VBT Online, otherwise, please contact your Account Executive.
- You may extend the activation period until one day previous to the termination of your travel/internet use, this is, if you set up the activation up to May 10, 2015, you have until May 09, 2015 to extend the activation period.
- You may register as many travel dates as needed, subject always that said periods do not overlap. For instance, if you have registered a period from May 1, 2015 to May 10, 2015, a new period set up must be programmed beyond May 10, 2015.
- You may cancel any programmed set up of use of your credit card while they are still pending for completion.
